PROJECTS

Sendpay - Landing Page

This Landing page is made for a Travel Guide Company, which helps people to know about the places to travel around the globe.

- Used React, React-Router, and React Hooks
- Used HTML, CSS to give the structure and basic layout of the website.

Weather App

In this project, I used React Library, used Weather API to fetch data for different city locations.

- Used React to make UI components
- Worked with different React Hooks
- Used API to parse data and display.
- Used different npm packages such as react-bootstrap for responsive web design.
